BUFFALO SOCIETY OF NATURAL SCIENCES APPOINTS NEW BOARD MEMBER

BUFFALO, NY (May 17, 2010) – The Buffalo Society of Natural Sciences recently appointed John Gavigan, Vice President & General Manager of Xerographic Solutions Incorporated, to its Board of Managers. His term will run to 2012.

Gavigan has spent the last fifteen years in the Document Management field supporting customers in various industries and managing sales and services teams. In 2005, he came to Xerographic Solutions Inc as a Partner and Vice President/General Manager to lead the Managed Print Services division where he has played an important role in cultivating new services and programs for XSI customers.

Mr. Gavigan is also a board member of Eden Interiors LLC design company of Williamsville, NY and the Managing Partner of EIP Properties, Inc. John is an active alumnus of Saint Joseph's Collegiate Institute of Kenmore, NY, is the President of the Pomeroy Park Pond Association and a ten year board member of the Dennis J Szeffel Memorial Fund. As a committed Western New Yorker, John and his brother Brian are cofounders of the Discover Buffalo Niagara Calendar designed to promote business, travel and community involvement in Western New York.

Mr. Gavigan has his B.S. in Accounting from Binghamton University School of Management and his M.B.A from Canisius College. Mr. Gavigan is an active member of Park Country Club of Amherst NY, The Buffalo Club and Saint Joseph's University Church of Buffalo, NY. John has been happily married to his wife Nicole for 13 years and is the proud and dedicated father of two young sons. He and his family reside in Eggertsville, NY where he continues to be a committed and proud resident of the Buffalo, NY area.

For an entire list of the Society's Board Members, visit <http://www.sciencebuff.org/about-us/board/>.

###

ABOUT THE BUFFALO MUSEUM OF SCIENCE

The Buffalo Museum of Science is the non-profit educational institution dedicated to the study and interpretation of the natural and physical sciences. Its extensive collections of over 700,000 specimens and artifacts represent all facets of the natural world with an emphasis on Western New York as well as man-made objects spanning the globe. Based at 1020 Humboldt Parkway and anchoring Buffalo's East Side in Olmsted-designed Martin Luther King, Jr. Park since 1929, the Museum presents a wide variety of programs and services for children, teachers, families, adults, and community organizations throughout each year. The Museum also operates Tiff Nature Preserve in South Buffalo, a 264-acre urban wetland preserve on reclaimed former industrial land and seasonally sponsors archaeological exploration at the Hiscock Site in nearby Genesee County, NY, one of North America's richest Ice Age sites.

For further information on the Museum and its upcoming activities, call 716-896-5200 or visit www.sciencebuff.org.
