

# CAMP-IN AT THE MUSEUM

*Bring your group of boys and girls for an overnight CAMP-IN and explore and experience the Museum at night!*

*Enjoy a fun-filled experience including hands-on science, crafts, a nighttime snack, a movie, breakfast and access to all the exhibits. This is edu-tainment at its best, perfect for school or scout groups!*

---

## 2020 CAMP-INS

### **CRIME INVESTIGATION** | FEBRUARY 1-2, 2020 | AGES 6-12

Spend the night at the Museum and help investigate a mystery while gaining an understanding of how police officers and scientists solve crimes. Activities include: learning how to identify and lift fingerprints, understanding how the makeup of a marker's color can help identify which marker a suspect used to write a note and analyzing similar looking substances to determine which one was part of the crime.

### **THINK LIKE AN ENGINEER** | APRIL 4-5, 2020 | AGES 6-12

Get ready to have your creative juices flowing! This Camp-In will enable you to learn the engineering design process while you engage in fun hands-on activities. You'll work with your friends to solve design challenges that will lead you to think like an engineer all while coming up with ideas that can help make the world a better place.

### **SPACE SCIENCE** | MAY 1-2, 2020 | AGES 6-12

Reach for the stars as you engage in hands-on activities that will lead you to gain an understanding on how large our solar system is. Campers will learn how a telescope works, the phases of the Moon and how to identify constellations while listening to some star stories from long ago.

**\$37 per child, \$30 per adult, 6:00 p.m. – 9:00 a.m.**

*Pre-registration and deposit required.*

*Minimum of 50 total registrants needed to run the program.*
