

# Diggin Dinos Birthday Party

Step into the world of prehistoric adventure!

At this dinosaur-themed celebration, your young paleontologist will explore the fascinating world of paleontology through hands-on activities, interactive learning, and plenty of prehistoric fun.

Our **Dino Dig Party** is tailored for two age groups, ensuring activities are both engaging and age-appropriate while still giving every guest the thrill of being part of a real dig site.

## Ages 5 & Under

Little explorers will:

- ▶ Discover the world of dinosaurs and get a special look at items from our collection.
- ▶ Dig for dinos and uncover exciting “fossil” finds.
- ▶ Create their very own fossil mold to take home as a special souvenir.
- ▶ End the party with the birthday guest choosing from three fun games to play with their friends.

## Ages 6 & Up

Junior paleontologists will:

- ▶ Learn about dinosaurs and see real collection pieces up close.
- ▶ Embark on a fossil scavenger hunt in our Rethink Extinct exhibit (with a little help from participating parents).
- ▶ Dig for dinosaur bones and experience the excitement of excavation.
- ▶ Make their own fossil mold to take home as a keepsake.

Whether your child dreams of unearthing giant fossils or just loves dinos, this party is a roaring good time from start to finish!

*\*Activities can be changed to a different age group if requested upon booking*
